## Self-contained emergency exit light with 3 h battery and wireless central monitoring

Teknoware Plus is a durable emergency exit light for large spaces. The exit light with a metal body is particularly well suited for demanding conditions, such as parking and industrial halls, where the exit sign must be visible at distances of up to 60 metres. The product is dust- and waterproof (IP55) and durable against hard mechanic wear.

Plus can be used as one or two-sided, and the pictograms are easy to replace. Plus can be mounted to ceiling as standard, but it can be wall mounted with a separate bracket. The standard colour is white (RAL 9003), other RAL colours area available upon special order.
